#### Abstract

The State Education Department does not discriminate on the basis of age, color, religion, creed, disability, marital status, veteran status, national origin, race, gender, genetic predisposition or carrier status, or sexual orientation in its educational programs, services and activities. Portions of this publication can be made available in a variety of formats, including braille, large print or audio tape, upon request. Inquiries concerning this policy of nondiscrimination should be directed to the Department's Office for Diversity, Ethics, and Access, Room 152, Education Building, Albany, NY 12234.

| Grade 4 English Language Arts Levels - Listening, Reading, and Writing Standards |  |  |  |  |  |  |  |  |  |  |
| Level 4 <br> (692-800) | These students exceed the standards and are moving toward high performance on the Regents examination. They show superior knowledge and skill for each standard for elementary students and are proficientat some intermediate-level skills in listening, reading and writing. Students show thorough understanding of written at some intermediate-level skills in listening, reading and writing. Students show thorough understanding of writtenand oral text. Students' writing is well organized with minor errors that do not interfere with readability. |  |  |  |  |  |  |  |  |  |
| Level 3 <br> (645-691) | These students meet the standards and, with continued steady growth, should pass the Regents examination. They show knowledge and skill for each standard for elementary students and show some intermediate-level skills in listening, reading and writing. Students show understanding of written and oral text. Students' writing is generally focused and organized with minor errors that do not interfere with readability. |  |  |  |  |  |  |  |  |  |
| Level 2 <br> (603-644) | These students need extra help to meet the standards and pass the Regents examination. They show some knowledge and skill for each standard for elementary students but none of the intermediate-level skills in listening, reading and writing. Students show partial understanding of written and oral text. Students' writing has some focus and basic organization and uses simple sentences and vocabulary. Errors sometimes interfere with readability. |  |  |  |  |  |  |  |  |  |
| Level 1 <br> (455-602) | These students have serious academic deficiencies. They show no evidence of any proficiency in one or more of the elementary standards and incomplete proficiency in all three of the standards. Students show minimal understanding of written and oral text. Students' writing is brief, general, or uses repetitive statements, and reveals difficulty in organizing thoughts. Errors interfere with readability. |  |  |  |  |  |  |  |  |  |

Performance of English Language Learners (ELL)
ELL are students for whom English is a second language. Schools teach these students English so they can participate effectively in the academic program. ELL students without sufficient proficiency in English are not required to take the grade 4 ELA test. Their progress in learning English is measured, using standardized tests, and reported.

[^4]
## Cohort Performance

This section presents the success of students in this school on Regents examinations after three years of high school. The first block presents information about success on the Regents examination in comprehensive English. The second block presents information about success on any Regents examination in mathematics. A cohort is identified by the year in which the member students first entered grade 9.

# System of Accountability for Student Success (SASS) 

This section presents this school's results relative to Commissioner's standards for school performance. To raise performance, the Commissioner has established State standards for schools for each school year through 20022003. Each fall the Commissioner will announce State performance standards for schools for one additional school year.
Schools are expected to meet or exceed the Commissioner's standards. School districts must develop and implement local assistance plans (LAP) to bring every public school up to these levels. Schools that fall below a standard are assigned adequate yearly progress (AYP) targets. This school-specific program of attainable goals is intended to allow schools below standard to "compete against themselves" by showing adequate progress towards closing the gap between their baseline performance and the State standard.

A Performance Index is used to assess school performance relative to elementary- and middle-level State standards for English language arts and for mathematics. The Performance Index credits each school for the students demonstrating some of the Learning Standards (Level 2) and for the students demonstrating all of the assessed Learning Standards (Level 3 and Level 4). Students at the higher levels contribute more to the Performance Index than do Level 2 students. Level 1 performance gives no credit. In its simplest form, the Performance Index is the sum of the percentage of students performing at or above Level 2 plus the percentage of students performing at or above Level 3.
More information about these accountability statistics is available at the State Education Department Web site (http://www.emsc.nysed.gov/repcrd2001). There you can find the rules for which students' results are included in the Performance Index, for how the performance of English language learners is included, for how the baseline numbers are calculated, for accountability for very small schools, and for when and how adequate yearly progress targets are assigned.

## Elementary-LevelSchool Performance

The Performance Index used to measure elementary school performance is computed using aggregate results of continuously enrolled students on the State Grade 4 assessments.

Englisf Language Arts Performance of Students in Grade 4

This school did not achieve the State standard. No performance index is computed because fewer than 20 students' results are available ( $\mathrm{N}=15$ ). The 1999-00 school baseline combines results for 1998-99 and 1999-00 and so reflects the performance of 36 students.

Mathematics Performance of $S$ tudents in Grade 4

This school achieved the State standard. No performance index is computed because fewer than 20 students' results are available ( $\mathrm{N}=15$ ). The 1999-00 school baseline combines results for 1998-99 and 1999-00 and so reflects the performance of 34 students.

## Middle-LevelSchool Performance

The Performance Index used to measure elementary school performance is computed using aggregate results of continuously enrolled students on the State Grade 8 assessments.

Englisf Language Arts Performance of $\operatorname{Students}$ in Grade $\mathcal{S}$

|  200 <br>  180 <br> Performance 160 <br> Index 140 <br>  100 <br>  80 <br>  60 | 800 |  |  |  |  |

| $\triangle$ State Standard |  | 140 | 140 | 145 | 150 |
| School Baseline |  | 157 |  |  |  |

This school achieved the State standard. No performance index is computed because fewer than 20 students' results are available ( $\mathrm{N}=14$ ). The 1999-00 school baseline combines results for 1998-99 and 1999-00 and so reflects the performance of 23 students.

Mathematics Performance of $\mathcal{S}$ tudents in Grade $\mathcal{S}$

| 200 |  |
| ---: | ---: | ---: | :---: | :---: | :---: |

This school achieved the State standard. No performance index is computed because fewer than 20 students' results are available ( $\mathrm{N}=14$ ). The 1999-00 school baseline combines results for 1998-99 and 1999-00 and so reflects the performance of 23 students.

## Secondary-LevelSchool Performance

At the high school level, school performance is assessed based on the accumulated performance of students in the most recent four-year cohort. The Commissioner's standard is that 90 percent of the cohort meet graduation requirements for English and mathematics. Schools below these standards are assigned Adequate Yearly Progress (AYP) targets. Because of the increasing graduation requirements, maintaining current rates of achievement is considered AYP for the next year. After the requirements are fully "phased-in," there will be increasing AYP targets.

For this year, the cohort is defined as all students who first entered grade 9 in 1996-97, who entered a NY State school before October 1998 and who were enrolled at this school for the time from June 19, 1999 through June 16, 2000. Commissioner's Regulations allow certain students to be excluded from the cohort.

English Graduation Requirement Performance of High School Cohort $\mathcal{A f t e r}$ Four Years

| 100Percentage of9080 | $\triangle$ | $\triangle$ |
| :---: | :---: | :---: |
|  |  |  |
|  |  |  |
| Accountability 70 |  |  |
| Cohort Meeting 60 |  |  |
| Requirement 50 |  |  |
| 40 |  |  |
|  | 1999-00 | 2000-01 |
| $\square$ School Performance |  |  |
| $\bigcirc$ School AYP Target |  |  |
| $\triangle$ State Standard | 90 | 90 |
| School Baseline |  |  |

Neither performance index nor baseline is computed because fewer than 20 students' results are available (Baseline $\mathrm{N}=12$ ).

| $\triangle$ State Standard | 90 | 90 |
| School Baseline |  |  |

Neither performance index nor baseline is computed because fewer than 20 students' results are available (Baseline $\mathrm{N}=12$ ).

## High School Dropout Rate

A dropout is any student who left school prior to graduation for any reason except death and did not enter another school or approved high school equivalency preparation program. The dropout rate is calculated by dividing the total number of students who dropped out in a given year by the total fall enrollment in grades $9-12$, including that portion of the ungraded secondary student enrollment that can be attributed to grades 9-12.

This school achieved the State standard.

[^0]:    * Similar Schools are schools grouped by district and student demographic characteristics. Further explanation is available at http://www.emsc.nysed.gov/repcrd2001/similar.html.
    1 These students were exempt from this test because of disability as stated in their Individualized Educational Program (IEP).
    2 These students were not required to take the grade 4 ELA test because they were English Language Learners (ELL) who performed below the $30^{\text {th }}$ percentile on another appropriate English reading assessment.
    3 These students were enrolled at the time of testing, but were not present to complete some part of the ELA assessment.
    \# To protect student confidentiality, the pound character (\#) appears when fewer than five students in a group were tested. If fewer than five were tested in one subgroup, then counts appear only in the "All Students" category.

[^1]:    * Similar Schools are schools grouped by district and student demographic characteristics. More information is on the School Profile page of this report. Further explanation is available at http://www.emsc.nysed.gov/repcrd2001/similar.html.
    1 These students were exempt from this test because of disability as stated in their Individualized Educational Program (IEP).
    2 These students were not required to take this test because they were English language learners (ELL) who perform below the $30^{\text {th }}$ percentile on an appropriate English reading assessment and there was no test form available in their native language. Other ELL students must take this test, but may take an alternative language form if such is available.
    3 These students were enrolled at the time of testing, but were not present to complete some part of this mathematics assessment.
    \# To protect student confidentiality, the pound character (\#) appears when fewer than five students in a group were tested. If fewer than five were tested in one subgroup, then counts appear only in the "All Students" category.
